Subject: APAS UPDATE FOR MARCH 17 – APAS booth at SARM, NPF Task Force survey, SK Growth Coalition backgrounder, RM Council updates

Good afternoon APAS members – visit <https://bit.ly/3COox34> to watch this week's 2-minute APAS Update video.

1. APAS booth at SARM Convention: Thanks to everyone that stopped by the APAS booth during the trade show at SARM's Convention this week. We had a lot of good conversations with producers about our NPF Task Force, grain contracts, and rural connectivity, plus many other topics. Hopefully you enjoyed the Cheezies as well. Visit <https://bit.ly/34PldHe> to see a couple photos from the event.

2. APAS NPF Task Force survey: The APAS NPF Task Force is getting close to finishing its work, and they're looking for producer feedback on recommendations to improve business risk management programs, plus federal trade and research programs. Visit <https://bit.ly/3l8xDZK> to read their 19 draft recommendations, and then complete the survey at <https://bit.ly/3CvS01w>.

3. Saskatchewan Growth Coalition backgrounder: APAS put together a background document on the impact of the Saskatchewan Growth Coalition's proposal to shift municipal taxes away from oil/gas onto agricultural land, so visit <https://bit.ly/36tZMNp> to read that summary.

4. APAS updates for RM Councils: Let me know if you need APAS update materials for your RM Council meeting, or if you'd like APAS staff or Directors to come discuss our projects and advocacy work.

You'll get the next APAS Update on March 24 – just call or email if you have any questions in the meantime.
