New Business:

1. Well Pump House Repairs

- Martin reported that the Hamlet has \$17,500 in the budget for the water system supplies, chemicals, testing fees, maintenance, etc.
- Chris spoke with a representative of Town and County Plumbing, Heating and Electrical, and will bring him to the hamlet to see with well house before providing a quote.
- Repairs needed in the pump house include replacing two of the three tanks, re-pipe lines for better chlorine distribution, upgrade electrical system and install new lights.
- If there is a water line break this year, we could have a temporary water line above ground until permanent repairs can be made.
- Kirk will ask Jules if he will be able to clear a path to the pump house, as the snow is very deep this year.
