I/We request an exemption from *The Construction Codes Act (CCA)* for the construction of a farm building.

As per the definition of "farm building" in the CCA, I/we hereby affirm that the building:

- does not contain a residential occupancy,
- is located on land used for an agricultural operation as defined in *The Agricultural Operations Act* (see definition below), and
- is used for:

- The housing of livestock**
- The production, storage or processing of primary agricultural and horticultural crops or feeds**
- The housing, storage or maintenance of equipment or machinery associated with an agricultural operation**
- Another prescribed purpose – with details attached**

If the building is to be used for another use or assessed as another use by the municipality, I/we agree to obtain a building permit for the change of use/occupancy, and make all required changes to the building at our cost. I/We agree this may include removing materials to ensure compliance, providing engineered designs upon request, complying with orders, ensuring all required inspections are scheduled and completed, or removing the building.
